

## FINAL FANTASY VIII RAGNAROK Part 26 Helpfile

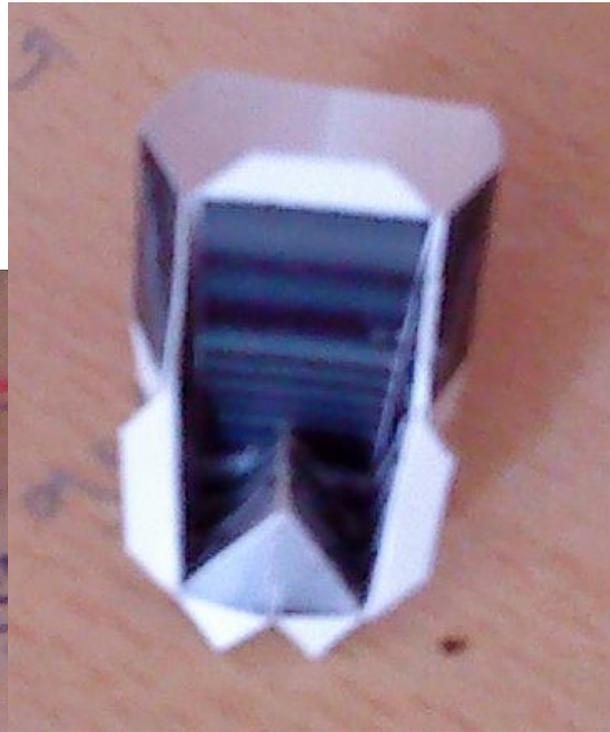

Looks like many people have problems to fold part 26 correctly. Here you will see how to fold it in the right way.

At first fold part 26 like shown in the first picture of this document. Here how it looks if you've done it the right way.

then glue part 19 to part 26, like this

Part 18 is next one you have to attach

In the end you just need to wrap part 18 around and part 19 and everything will fit fine

have fun with the papercraft!
