Introduction

I didn't want to do human formed papercrafts anymore after finishing my Cloud papercraft. But my fingers were tingling, and I wanted to do Jehuty. People always ask me to do an ANUBIS too, but it is not likely that I'm going to develop it because Jehuty already made me go nuts. When this thing is done hang it to your ceiling. Just one thing left to say... be carfull with the head!

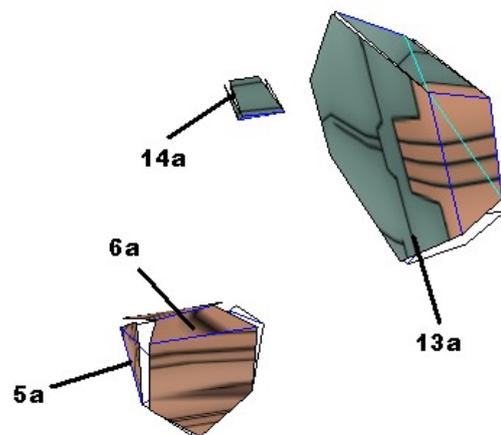

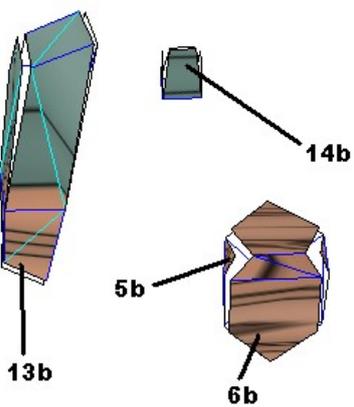

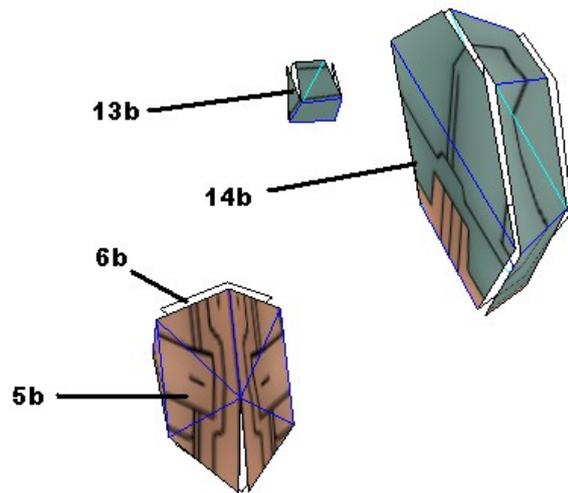

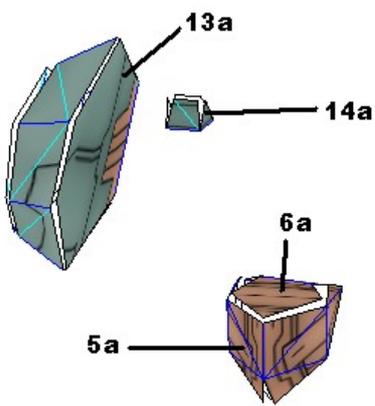

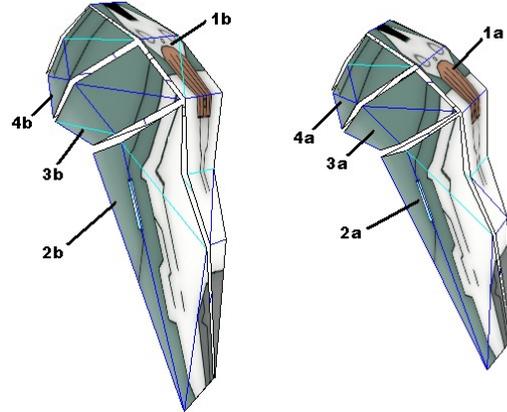

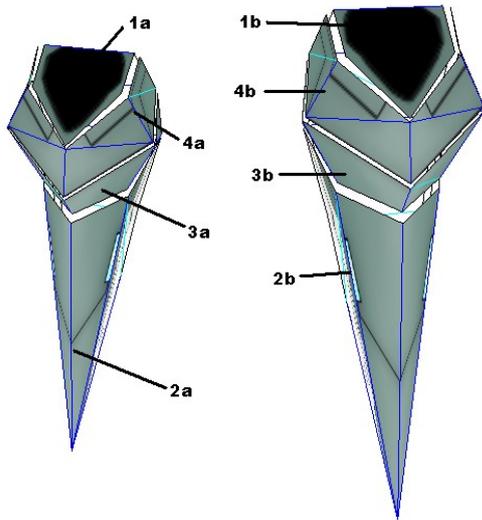

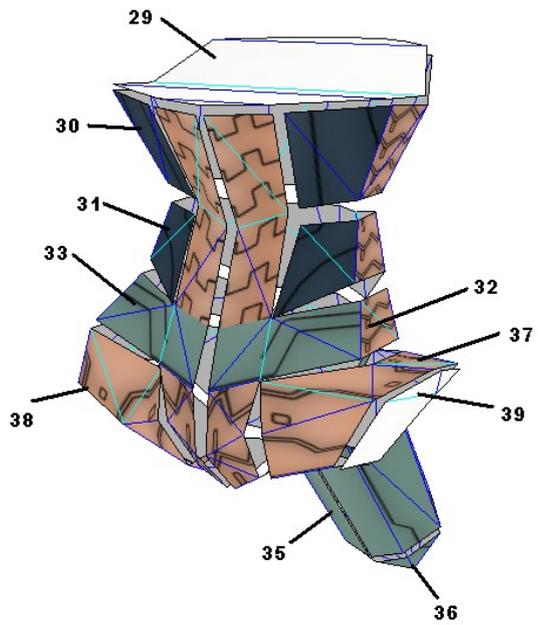

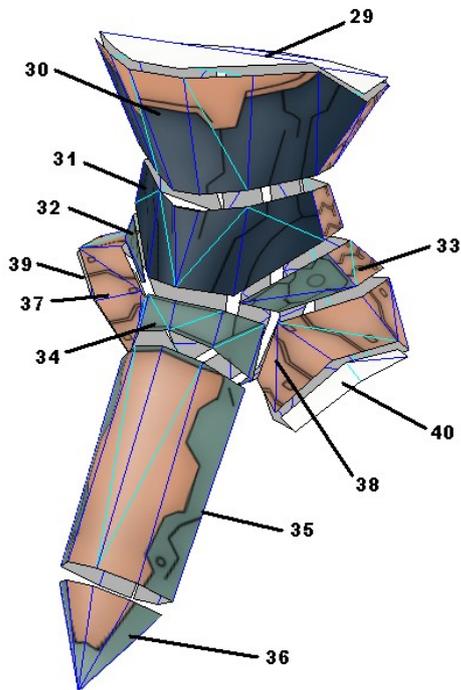

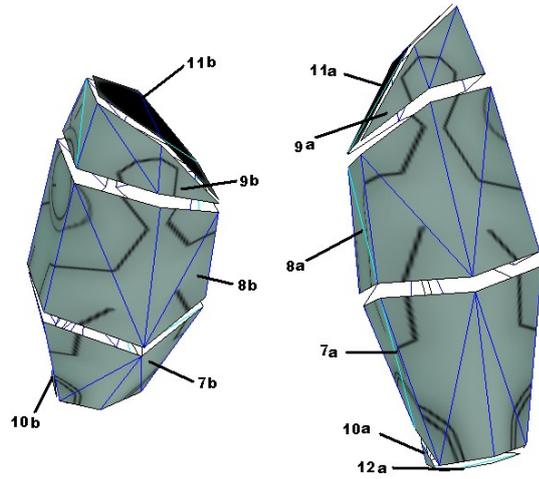

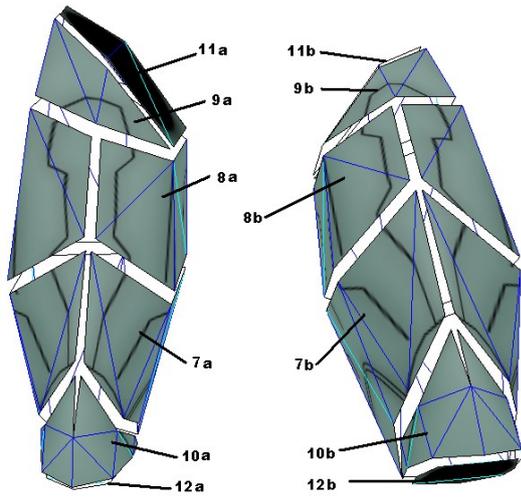

The Sheets
